

Staff member, OCC Computing Center Guru Instructional Coordinator, and all-around terrific guy, John Fawcett, is on the Student Assistance Outreach Team. The Team's purpose is to pass "wellness" information along to students who may be having trouble transitioning to distance learning format and to also making referrals to community services (food security, housing resources, medical/mental health services, and more). The Team's message is simple: "We are here to help!"

The Team is available for direct phone calls, text messages, or emails to help you with your questions or needs in general.

Here are some links to college resources that you might find useful:

## [OCC Cares - Orange Coast College](#)

OCC Cares is an initiative meant to connect students with resources for basic needs to positively impact their well-being and college success. It is our goal to keep our students, staff and the community as safe as possible while providing continued service during this critical time by limiting exposure to the COVID-19 virus.
